Important Information

Warning

• Do not play your headset at a high volume. Hearing experts warn against extended high-volume play.
• If you experience a ringing in your ears, reduce volume or discontinue use.
• You should use extreme caution or temporarily discontinue use in potentially hazardous situations.
Even if your headset is an open-air type designed to let you hear outside sounds, don't turn up the volume so high that you are unable to hear what is around you.

Caution While Driving: Use of headphones while operating an automobile or moving vehicle is not recommended and is unlawful in some states and areas. Be careful and attentive on the road. Stop operation of the unit if you find it disruptive or distracting while driving.

Precautions for the Unit

• Do not use the unit immediately after transportation from a cold place to a warm place; condensation problem may result.
• Avoid shock to the unit especially during recording. Recorded data may be damaged.
• Do not store the unit near fire, places with high temperature or in direct sunlight.
• Do not operate or store unit in places with frequent static electricity or electrical noise (e.g. speaker, TV set).
• Clean the unit with a soft cloth or a damp chamois leather. Never use solvents.
• The unit must only be opened by qualified personnel.

Warning: Use of this product is for your personal use only. Copying CDs or downloading music files for sale or other business purposes is a violation of copyright law. It is also a violation of copyright law to download files without permission of the copyright owner.

Important Information

Care of Memory Cards (Not Included)

• Do not touch the golden electrodes. Use a soft dry cloth to clean any dirt.
• Do not bend memory card.
• Do not operate or store memory card in places with frequent static electricity or electrical noise (e.g. speaker, TV set). Recorded data may be damaged.
• It is normal for memory card to get warm after being used for a long time.
• Always put it in storage case after removing from the unit.
• Do not store memory card near fire, places with high temperature/ humidity or in direct sunlight.
• We recommend that you make a copy of your recorded contents into another media (e.g. floppy disc, tape) as back-up.

Power supply

• Battery power: AAA (LR03) x 2.

Battery Precautions

• When storing the unit , be sure to remove the batteries because they may leak and damage the unit.
• Batteries may leak electrolyte if inserted incorrectly, if disposed of in fire, or if an attempt is made to charge a battery not intended to be recharged.
• Never mix new batteries with old ones. Do not mix battery types.
• Discard leaky batteries immediately. Leaking batteries may cause skin burns or other personal injury.
• Do not charge batteries which are not intended to be recharged.
• Dispose of batteries, according to federal, state and local regulations.

The descriptions and characteristics given in this document are given as a general indication and not as a guarantee. In order to provide the highest quality product possible, we reserve the right to make any improvement or modification without prior notice. The English version serves as the final reference on all product and operational details should any discrepancies arise in other languages.

Important Safety Information

IMPORTANT NOTE: To reduce the risk of fire or shock hazard, do not expose this player to rain or moisture.

TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE THE COVER (OR BACK). NO USER-SERVICEABLE PARTS ARE INSIDE. REFER SERVICING TO THE QUALIFIED SERVICE PERSONNEL.

Sound Pressure Control

S.P.C
Sound Pressure Control

Les articles de loi L44.5 et 44.6 du code de la santé publique, modifiés par l'article 2 de la loi du 28 Mai 1996 imposent une puissance acoustique maximale de 100 décibels. Le casque livré (code 55544760) et votre appareil respectent la législation en vigueur.

A pleine puissance, l'écoute prolongée du baladeur peut endommager l'oreille de l'utilisateur.

Before you Begin

## 1. Unpack the player and accessories

When you unpack your new player, be sure you have removed all the accessories and information papers. The items shown below are packed with your player.

1. The Player
2. Batteries
3. Software CD
4. Digital X-Phone
5. Connection Cable
6. Neck Strap
7. Carry Case

2. What's so special about this MP3 player?

This player is meant to play MP3 files encoded on a memory card or recorded in the built-in flash memory.
To do so, you need the use of a Windows computer with USB port , connection cable (included) and a music management software (MusicMatch Jukebox).

CDs

Compression and transfer

Playback

Optional: MemoryCard (not included)

and/or

MusicMatch Jukebox

Connection cable

MP3 music built-in flash memory

Compressed music internet sites

www.musicmatch.com, www.emusic.com

Before You Begin

3. Insert batteries into the player

A. To insert batteries, lift open the battery compartment door.

Push the battery compartment door up to open
B. Insert 2 "AAA"(LR03) batteries with polarities corresponding to indications on the compartment. (Refer to "More information" for battery precautions.)

C. Close the door to the battery compartment

Note: Refer to the power level indicator on display for battery level.
Replace with new batteries when the indicator is empty.

EN

4. Inserting a SD card / MultiMediaCard (Optional)

The player has built-in flash memory. To extend the playtime, you can use the optional Memory Card slot.

A. Insert a Memory Card into the card slot when the player is off as the diagram shows:

B. To remove card, push the Memory Card to eject.

Caution: Do not remove Memory Card *during playback or when power is on. It may stop unit from playing immediately.*

EN

Troubleshooting Tips

The player does not turn on when *PLAY* button pressed.
• Batteries may be inserted incorrectly.
• Batteries may be empty.

Skipping tracks or bad sound quality?
• Repeat, random or program function may be activated.
• There may be strong magnetic fields (e.g. too close to TV) near the unit.
• Low Battery level. Replace with new ones.

Cannot perform playback?
• **LOCK** function may be activated.
• There may be no MP3 tracks in the card or internal memory.
• Memory Card may be damaged.

USB display does not appear when connected to computer.
• Check connection between your unit and the computer. (Refer to Software Instruction Manual)
• Check if USB drivers are properly installed (Refer to Software Instruction Manual)

The player does not respond to key operations?
• Turn the player off by removing the batteries. Reinsert the batteries properly and turn the player on again to resume normal operations.
